

From an idea to a finished shirt.

Meet Maya. She's planning the Johnson Family Reunion 2026. In six steps she goes from an idea to printed tees at her door. No design skills. No software. And nothing is charged until she has seen the artwork and said yes.

THE SIX STEPS

- 01 Send your photos and your words.**
- 02 A real designer makes the artwork.**
- 03 We email you a review link.**
- 04 Approve it, or ask for changes.**
- 05 Then pick color and size, and pay.**
- 06 We print it and ship it.**

Send your photos and your words.

One short form: up to 5 photos, the words you want on the shirt, a description of the idea, whether it's just you or a group, and your email. That's it — no blank canvas, no design tools.

MAYA TYPES

“Johnson Family Reunion 2026 — Together is our tradition”

A real designer makes the artwork.

A human designs your piece by hand. It isn't instant and it isn't self-serve. Close the tab and go live your life — we'll come to you. No design fee. Nothing charged at this point.

TYPICAL FIRST PROOF

2–4 business days

We email you a review link.

When your proof is ready, it lands in your inbox with a private link. Open it on your phone or your laptop, whenever you like. Still nothing charged.

INBOX

Your design is ready to review

Approve it, or ask for changes.

Look it over. If something's off, send your notes and it goes back to the designer — 3 rounds of changes, free. Nothing prints until you tap approve. You are in control the whole way.
